

**FOR IMMEDIATE RELEASE**

**Sun-Canadian Pipe Line Provides Update on Sarnia Incident Response**

**Sarnia, Ontario — March 21, 2026** — This morning Sun-Canadian Pipe Line (SCPL) identified a leak location in the pipeline. The pipeline remains shut down. We are continuing to complete integrity assessment activities to address the hydrocarbon release that occurred in the area of Sun Ave and St Clair Parkway.

Emergency procedures were immediately activated following identification of the product, and response and cleanup activities remain underway in coordination with local authorities and environmental response specialists. Our priority remains the safety of people, the protection of the environment, and the safe operation of our infrastructure.

SCPL is communicating and engaging with local stakeholders, community representatives and regulatory authorities.
